## Welcome!

It is with pleasure that we are here today to offer you this chance to secure quality genetics at reasonable prices.

The cattle are “GRASS FED—QUALITY BRED” and ready and capable of going straight out to your paddock to do their job.

Survival and Reproduction are the biggest and most important profit drivers in the northern cattle industry.

This sale will deliver you bulls and females that will assist in both. They are hardy cattle, born and bred under tough local conditions.

Thank you for your interest and support.

## *Boran Cattle*

*Jim & Barbara Sullivan*

Cave Creek Station  
POBox 4004 Mataranka NT 0852  
Ph: 08-89754330  
borancattle@bigpond.com

Jim Sullivan has run a small herd of pure-bred Boran Cattle for 7 years at Cave Creek Station, Mataranka, and has gradually introduced the genetics to his general herd in a bid to improve both fertility and survival.

“Friends from Queensland, the best cattle people I know, experienced great benefits from cross-breeding using four genetic bases in their herd – and one of them was African,” he explains.

“I bought a small herd of pure-bred Borans and have crossed them with my herd cows, which feature both Brahman and Droughtmaster heredity.”

### **About Borans**

The Boran are *Bos indicus* cattle, which were taken to Africa from India more than 2000 years ago as payment for slaves. Thus they are the only African Zebu. They were developed by the Borana people of southern Ethiopia and northern Kenya, who selected them for the ability to produce enough milk to allow man, cow and calf to survive, despite regular feed and water shortages. It has been bred as a purebred for 1300 years.

The CSIRO went to Africa in the 1980s, looking for breeds to improve the Northern cattle herd. They assessed 14 indigenous breeds of cattle; the Boran was identified as the most suitable for Northern Australia.

Similar to the Brahman in appearance, they have a zebu hump, and can be red or grey, and horned or polled. They are a slightly smaller size than Brahmans, but renowned as “good doers”. This tendency to survive reflects their good udders (less bottle teats), good mothering tendencies which ensures a greater survival rate of calves, and also good teeth, with sound mouths found in cows up to 15 years of age.

Boran were imported into Australia in 1990, and underwent evaluation by the CSIRO for efficiency of growth, reproduction and survival, resistance to environmental stresses including heat and cattle ticks, and meat and carcass quality.

This research showed that the big benefits of cross-breeding Brahman and Boran were survival and fertility, without any loss of resistance to heat or ticks. The hybrid vigour compensated for the slightly smaller size of the Boran.

# *Coodardie Brahmans*

Offering you value and performance is important to us. All our bulls are semen tested sound and fertility evaluated. Red and greys including some exceptional natural poll animals make up the draft.

Temperament—first or last, where ever you want it, but nothing without it. Coodardie Brahmans are genetically quiet and with low stress stock handling techniques they remain so. Thirty plus years of dedicated breeding of pure Brahmans whilst concentrating on temperament, fertility, structural soundness, carcass quality and adaptability for harsh northern conditions means that Coodardie can confidently offer you a high quality product that breeds true.

## **Stud History**

Coodardie Brahman stud was formed in 1976 in north Queensland by Mike and Rory O'Brien (MJ and RS O'Brien). From modest beginnings the stud herd grew to a strength of in excess of 1500 registered breeding cows. This was boosted by the largest single stud purchase in Australia – 600 Cherokee stud cows at \$3000 each in 1991. Coodardie led the way in single stud annual production sales in Charters Towers, north Queensland in 1991 to 1993, as well as holding their own sale in Katherine, Northern Territory in 1990. In 1993 the O'Briens sold their Queensland properties and moved to Carmor Plains Station, NT, taking with them 2500 head of their Coodardie Brahmans.

Coodardie Brahmans is a stud and commercial Brahman cattle operation based at Numul Numul and Coodardie Stations near Mataranka in the Northern Territory. Coodardie Brahmans is the trading name of Coodardie Pty Ltd which is owned and operated by the O'Brien family. In November 2001 the family sold their NT floodplain station, Carmor Plains, and moved their entire operation, which includes 3000 high quality Brahman cattle, to Numul Numul Station south east of Mataranka. It was at this time at which Coodardie Pty Ltd was formed. Numul Numul is leased from the local Numul Numul Aboriginal Corporation. In 2003, a smaller property, "Coodardie" was formed on the outskirts of Mataranka. It is the home of the core stud herd.

# STUD STOCK - AUCTION TERMS AND CONDITIONS OF SALE

## IMPORTANT NOTICE

All bids shall be treated as offers made upon the following Terms and Conditions of Sale and all persons present are admitted to attend the sale on the basis that they have notice of these Terms and Conditions.

1. The highest bidder shall, subject to Condition 2, be the purchaser provided that the vendor reserves the right to bid either by himself or through his agent or auctioneer and should any dispute arise among the bidders for any lot, during or immediately after sale of the lot, it shall be settled at the auctioneer's absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the auctioneer and no bid shall be retracted.
2. The sale will be conducted on a "Sale" or "No Sale" basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the vendor who will immediately after the fall of the hammer declare "Sale" or "No Sale". Should the vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
3. The details of the purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.
4. The auctioneer expressly reserves the right, without giving any reason therefor, to:-
  - (a) Refuse to acknowledge any bid;
  - (b) Withdraw any lot or lots before or during the sale;
  - (c) Exclude any person from the auction venue should it think fit.
5. Each lot in all cases shall be at the risk and expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be the earlier.
6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these Conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee warranty or condition whatsoever was given or implied.
7. In the event of any dispute in respect to the sale of any lot:-
  - (i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these terms and conditions.
  - (ii) The vendor and the purchaser shall resolve the dispute between themselves;
  - (iii) The auctioneer shall have no liability or responsibility in regard to the dispute; and
  - (iv) No lot shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.
8. The name of the vendor for whom the auctioneer acts is acknowledged to have been furnished to purchasers prior to sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
- 9(a) PAYMENT - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidder's offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and all cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated, and until property shall pass, the purchaser shall hold such lot as bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to:-
  - (i) Rescind the contract on behalf of the vendor and repossess and resell any lot;
  - (ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the 90 day Bill Rate plus two percentum. For the purposes of this condition "the 90 day Bill Rate" is

the rate published regularly in the Australian Financial Review, expressed as a percentage per annum. If at any time the Financial Review ceases to publish a 90 day Bill Rate, the auctioneer shall determine and advise the purchaser of the interest rate to apply for the purpose of this condition.

(b) The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer in its own name.

10. If the purchaser shall neglect or fail to comply with any of the within conditions, any lot purchased by him may be immediately resold by public auction or private contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.

11. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however, that this Condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.

12. The purchasers, if more than one, shall be jointly and severally bound by these Terms and Conditions, and shall jointly and severally carry out and perform same.

13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however, that this Condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.

14. The auctioneer may, should it think fit, make arrangements on a purchaser's behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.

15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.

16(a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trade Practices Act or any applicable State legislation which cannot be contractually excluded and excepting conditions and warranties expressly contained in these Terms and Conditions of Sale, any express or implied condition, statement or warranty, statutory or otherwise, is hereby excluded. The auctioneer is not liable in respect of any error, misdescription or omission in any particulars appearing or stated regarding the descriptions or pedigrees of any lot offered for sale and no such error, misdescription or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.

(b) Each lot will be sold subject to passing all veterinary tests required by the law of the State or country to which the purchaser intends to transport that particular lot, such tests to be undertaken at the purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to or remain with the vendor.

#### 17. GUARANTEES OF FERTILITY:-

17.1 BULLS. Save and except for calves at foot, all bulls are guaranteed breeders and to so prove within six months of the date of sale or by reaching the age of 30 months whichever date shall be the later.

17.2 FEMALES. Save and except for female calves at foot, all females are guaranteed to be in calf or go into calf within six months of the date of sale or by the age of 30 months whichever date shall be the later. A positive pregnancy test certified by a qualified veterinary surgeon shall be sufficient evidence that the animal is in calf.

17.3 Claims under Clauses 17.1 and 17.2 guarantees of fertility shall be made to the vendor within six months from the date of sale or prior to the animal entering a quarantine area other than on the vendor's property.

17.3.1 All claims must be accompanied by a veterinary certificate which shall clearly identify the basis of the claim.

17.3.2 Infertility resulting from injury or disease occurring after the sale of the animal shall not be covered by this guarantee.

17.3.3 The vendor retains the right to have the animal placed on a property nominated by him or returned to his own property for further assessment of fertility for a period not exceeding six months. In the event of the animal being proven fertile within the period, the costs incurred shall be borne by the purchaser. In the event of the animal not being proven fertile within the period the costs incurred shall be borne by the vendor.

17.4 LIABILITY OF A VENDOR. Except for costs defined elsewhere in the conditions of sale, the liability of a vendor in respect of claims relating to fertility shall not exceed the purchase price of the animal(s) or to

provide mutually agreed upon replacement animals.

17.5 REFUNDS. In the event of a claim being substantiated and the purchase price being refunded, the animal/s shall automatically become the property of the vendor and be returned to him or disposed of according to his instructions at his expense.

17.6 This guarantee shall be voided by the purchaser if -

(a) The animal is returned to the vendor -

(i) in poor physical condition or with any injury;

(ii) tests carried out on behalf of the vendor within fourteen days of such return proved positive to any diseases which may affect the animals fertility or ability to breed naturally; or  
(b) the purchaser has collected and stored semen from a bull or embryos from a female.

17.7 In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the vendor and the purchaser and the auctioneer, while he will use his best endeavours to assist, shall have no liability or responsibility in that regard. In the event that a lot is alleged or proved not to be a breeder, the purchaser shall nevertheless be obliged to pay the auctioneer the full purchase price and any other monies or interest payable by the purchaser in accordance with these Terms and Conditions.

18(a) Each lot shall be at the risk of the vendor in respect of any damage or injury, whether by disease, accident or otherwise, for the period that the lot be in the custody of the auctioneer, PROVIDED THAT the auctioneer, its servants, agents and employees shall use all reasonable care to protect and control the lot while it is in the auctioneer's custody AND PROVIDED THAT when a lot has been sold, it shall be at the risk of the purchaser in all respects.

(b) If any vendor brings to the sale premises any lot which is dangerous, or infected with any disease, that vendor shall be liable for all injury, damages, costs, losses, or expenses which the auctioneer may sustain, incur or be put to either directly or indirectly as a result of the vendor so doing. The auctioneer reserves the right, at its absolute discretion, to exclude from the sale, or put out of the sale venue or dispose of, any lot which in its opinion shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.

19. DELIVERY - Except at the discretion of the auctioneer no lot shall be delivered to the purchaser unless payment of the purchase money together with any additional charges incurred including those expenses incurred by the auctioneer pursuant to Condition 14 hereof, is first made by the purchaser to the auctioneer. Release of lots may be withheld by the auctioneer until personal cheques are cleared.

20. In these Conditions:-

(a) References to "Auctioneer" shall be taken to mean as the context so admits, the selling agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the vendor to conduct the sale of the lot;

(b) "Purchaser" shall have the meaning ascribed to it in Condition 1;

(c) "Vendor" shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm;

(d) "Lot" shall be taken to mean the animal offered for sale and/or sold by the auctioneer on behalf of a vendor.

### **IMPORTANT NOTICE**

The selling agent, its members, subsidiary or related corporations, officers, agents, and employees for themselves and for those for whom they act while exercising due care provide all information without responsibility and give no guarantee whatsoever as to its accuracy.

All persons who attend the sale do so entirely at their risk and the selling agent, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever which may occur.

The hammer price is exclusive of GST but GST will be applied to the final hammer price and included on the invoice.

## 30th April is D-Day Deal Day for northern cattle producers

The 3R Cattle Auction on 30th April will provide cattle producers with the opportunity to broaden the genetic base of their herds with stock especially suited to the harsh conditions of Northern Australia.

Vendor Jim Sullivan's Boran-cross herd bulls and heifers, and the pure-bred Brahmans of the O'Brien family's Coodardie Stud, have been all selected for robust traits that enable them to thrive in tough conditions.

"This wet season has been pretty patchy for some properties, who will now have cattle struggling to make it through the dry," Jim Sullivan said.

"But Boran-cross cattle are better able to cope with these conditions, and have better fertility as well. They are more likely to shrub browse, are disease resistant, adaptable and have better mothering ability," he explained.

"They provide the opportunity to introduce hybrid vigour into the herd because of their different genetic base."

Mr Sullivan is offering 40 Boran Cross bulls and 50 Boran Cross heifers at the 3R Cattle Auction in Katherine.

The before-mentioned survival and reproductive traits, plus genetically quiet disposition, are characteristic of Guest Vendor, the O'Brien's Coodardie Brahmans. They will offer 40 Brahman Herd Bulls, 3 Brahman Registered Bulls, 50 Brahman heifers and 2 Brahman Registered Heifers to complete the sale draft.

"The 3R Cattle Auction is an exciting new initiative," said Moira Lanzarin (nee O'Brien) of Coodardie Brahmans.

"No one has been game to present paddock condition bulls through auction before – but we all know that is what most producers need.

"They need cattle that are used to grazing the native pasture of our tropical savanna.

"Unfortunately, cattle which may be in prime conditions for shows need extra time to be slowly hardened up to paddock conditions – time that producers can ill afford.

"This, combined with the low minimum price (only \$1200 plus GST for bulls) offers extreme value and opportunity for everyone from the small blockie to the largest of cattle producers."

The 3R Cattle Auction conveniently coincides with the Katherine Country Music Muster, from April 30 to May 2, allowing people to easily attend both events.☐
